

Lively District Secondary School

INNOVATIVE INTEGRATED  
TECHNOLOGY (InIT)  
PROGRAM APPLICATION

*Lively District Secondary School*  
**Innovative Integrated Technology (InIT) Program**

The Innovative Integrated Technology (InIT) program provides students with specialized programming that combines a variety of core subjects with our high caliber technology classes. LDSS works in partnership with businesses and industry to provide relevant and meaningful activities to students through job shadowing, field trips and certifications that will prepare students to be competitive in a global market.

College bound students will be required to obtain six technology credits throughout their four years of secondary school. In order to obtain an InIT certificate upon graduation, students will need to maintain a minimum 70% average across their top six tech courses.

University bound students will be required to obtain four technology courses throughout their four years of secondary school. In order to obtain an InIT certificate upon graduation, students will need to maintain a minimum 70% average across their top four tech courses.

Admission is based on the following criteria:

- good work habits
- excellent attendance record
- interest in applied technology
- recommendation from Grade 8 teacher and/or principal

Transportation to Lively District Secondary School is provided to students who enrol in the InIT program.

The application package for the Innovative Integrated Technology Program is attached. ***Incomplete applications may cause delays in processing.*** Completed packages should be forwarded to the main office at Lively District Secondary School. Once the application is reviewed, students will be notified of their acceptance into the program.

**Student Application Checklist – Have you completed the following?**

- Innovative Integrated Technology Program Application Form
- School Registration Form
